

# LET'S GO HIKING!

**Sunday, April 30th @ 12:30pm**  
**Bring a lunch and join the fun!**

NACHaS classes and their families have been invited by Margaret Anne Goldsmith to hike at the Goldsmith Schiffman Wildlife Sanctuary in Hampton Cove. Anyone is welcome to join in on the fun!

**We'll eat first then hike  
for 2 hours.**

Hikers should wear long pants (there is poison ivy) and either rubber boots or sturdy boots or shoes as there could be mud and water if it has rained recently. Also wear hats and sunglasses. Bring water, bug spray, and toilet paper. Please think about the ages of your children before making a decision to join in. The hike will take 2 hours and there are no bathrooms.

See you there!

Directions: Take Governors Drive/Highway #431 over the mountain to Hampton Cove. At the intersection between Lowe's and Walmart, turn right at the light onto Sutton Road. Continue a short distance to the next light at Taylor Road. Turn left on Taylor Road and continue about a mile or so to Terry Drake, which extends to the right. Cross Terry Drake, staying on Taylor Road for a short distance. Goldsmith Schiffman Wildlife Sanctuary will be on your left. The new park sign is under construction. Turn left into the Sanctuary parking lot and park. If you reach the Goldsmith Schiffman Elementary you have gone too far and will need to turn around and go back to the park which will then be on your right.
